1. About the FP Markets Traders Edge Connect

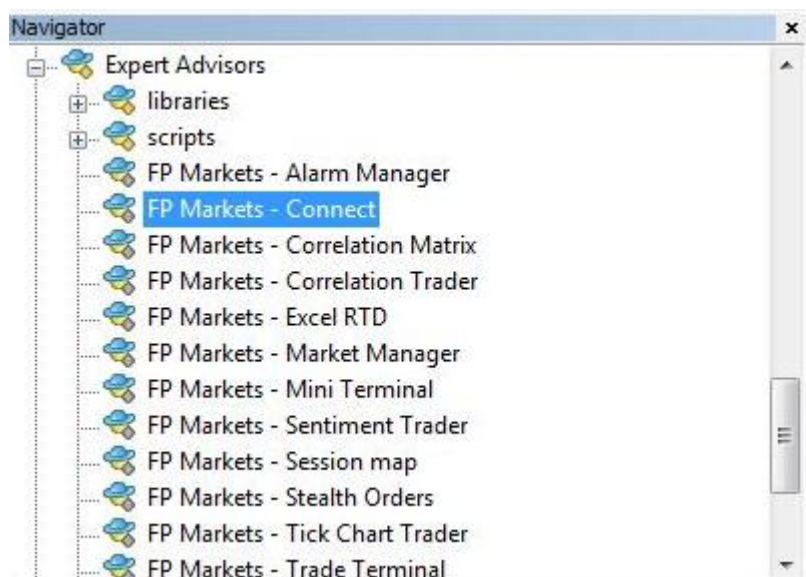

The FP Markets Traders Edge Connect application allows you easy access to FP Markets and other online resources to help keep you informed. This application will allow you to open websites from within your trading terminal including the FP Markets website.

2. How to Setup

Setup is a quick and simple process from within your platform terminal

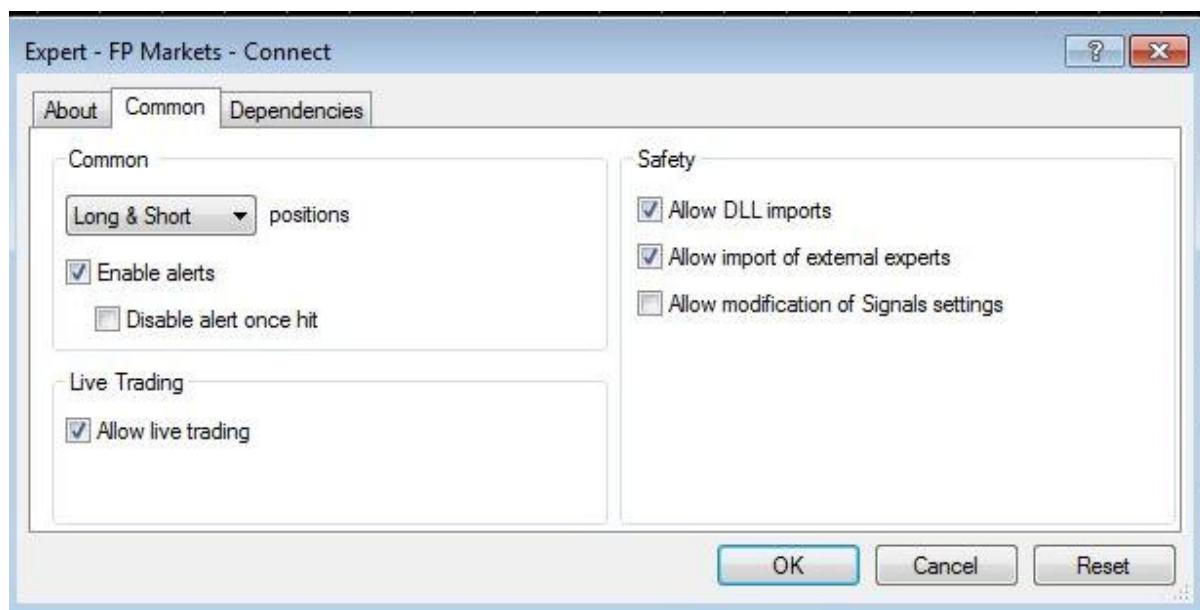

1. Make sure you have installed the FP Markets Traders Edge Software to your platform terminal

2. Find the "FP Markets - Connect" application from your terminals navigator under Expert Advisors.

3. Drag and drop the application onto any open chart that you are not planning to use.

4. Ensure that you have "Allow DLL imports" ticked and select OK

The FP Markets Traders Edge Connect application will now open.

3. Navigate

3.1 News

The News tab will display current news from a variety of sources, the most recent article will display at the top.
